

This examination each year protects your school children.

A little food goes a long way with poor people.

Fresh air, good food, and exercise builds up run-down children.

Keep these children at the Orphans' Home happy.

Suppose Nobody Cared!

Did you ever stop to think what would happen to your family if you were suddenly left penniless, jobless, friendless, needing medical attention, food and clothing? It is hard for most of us to even stretch our imagination so far as to think that this might ever happen to us. But it has happened to many in South Bend and will happen to many more this winter.

Thousands Given Relief Last Year

Last year the Federation For Social Service raised \$57,000. This relieved thousands of South Bend's unfortunate; jobless, sick, friendless, orphans, deserted children, under-nourished children, distressed, helpless families, cripples, unfortunate girls, and made the lives of many others worth living.

\$100,000 Needed This Year

This year with the thousands of unemployed in South Bend, the Federation should have \$100,000 to carry on Humanity's work. Each organization will be called upon to do more than ever before.

One Drive Instead of Eleven

The South Bend Federation For Social Service was formed to save you from being besieged eleven times during the year to contribute to charity. Under the Federation plan, the eleven organizations which it represents in actual proportion to the needs of each.

We Need Your Help

Every citizen of South Bend must help to make this Drive a success. We feel sure that you will realize the burden that is put upon your shoulders as a citizen of South Bend to do your part in this great work.

GIVE WILLINGLY—GLADLY AND BRING JOY TO THOSE LESS FORTUNATE THAN YOURSELF EVEN IF IT HURTS A LITTLE.

CHARITY DRIVE

Good Will Week—October 24th to 29th

Anti-Tuberculosis League
Associated Charities
